

SCHOOLS AND HIGHER EDUCATION

One institutional workspace from the registrar to the classroom team.

We connect institutional Mail, meetings, files, calendars, contacts, documents, boards, and delegated administration for schools and higher-education organizations that need simplicity at the user level and control at the institutional level.

47,326

Public schools and higher-education institutions represent a substantial, distributed institutional market.

What changes

Import or provision users in bulk and organize them by institution, domain, and role.

What changes

Give faculty and staff one path across Mail, meetings, calendars, contacts, files, and office documents.
