

The screenshot displays the GoOfficePH Chat/Meet interface. On the left, a sidebar titled 'CHAT AND MEET' shows a 'New room' button and a list of rooms: 'Regional services review' (6 participants - meeting live), 'Operations team' (12 members - 3 new messages), and 'Finance committee' (8 members - meeting tomorrow). The main area shows a video meeting titled 'Regional services review' with 6 participants. The participants are displayed in a grid: 'You' (a man), 'Mara Santos' (a woman), 'Paolo Reyes' (a man), 'Grace Lim' (a woman), 'Nico Dela Cruz' (a man), and 'Leah Villanueva' (a woman). The interface includes buttons for 'Refresh', 'Invite', 'Voice', 'Video', 'Chat', 'Whiteboard', 'Copy link', and 'Leave'. A status bar at the bottom indicates 'Meeting connected. Recording and live transcription are ready for the host.' and 'GoOfficePH The regional services meeting is live. Shared files and action items remain connected to this room.'

LOCAL GOVERNMENT

Local coordination that remains understandable through every transition.

We help provinces, cities, municipalities, and local offices keep communication, meetings, files, work items, and administration visible even when teams are distributed and IT resources are limited.

43,734

Provinces, cities, municipalities, and barangays form a large, distributed local-government operating landscape.

What changes

Keep official domains, users, groups, and services under the LGU's administrative view.

What changes

Use mobile-friendly Chat/Meet for offices, field teams, guests, and emergency coordination.
