

The screenshot displays the GoOfficePH Admin console interface. At the top, the GoOfficePH logo is on the left, and the user is signed in as 'GoOffice Platform Admin' (admin@GoOffice.ph) on the right. The main navigation sidebar on the left includes sections for Console (Personal, My Organization, Reseller, Platform Operations), Personal, My Organization, Overview, People and access, Domains and mail, Apps, storage, and billing, Security and policies (highlighted), Reports and audit, Reseller, and Platform Operations. The main content area is titled 'Mail settings' under the 'Mail protection' section. It features a search bar, a summary of 'GoOffice QA Tenant' (24 users, 5 domains, 88 GB / 100 GB storage), and a 'GOOFFICEPH MAIL' section. The 'Mail settings' section includes a 'FOCUS' area with 'Choose one work area at a time' and buttons for 'All sections', 'Manage', and 'Security'. Below this is a 'JUMP TO SECTION' area with 'Open a task, report, or review area' and a dropdown for 'Choose a task or report'. The 'MAILBOX CONTROLS' section is titled 'Manage delivery behavior without leaving GoOfficePH.' and includes a description: 'Set forwarding, keep-copy behavior, vacation replies, and sender allow or block rules from one GoOfficePH screen. Changes are audited and applied to the GoOfficePH mail service in the background.' It contains five buttons: 'Forward to trusted addresses', 'Automatic vacation replies', 'Block unwanted senders', 'Realtime blocklist checks', and 'Tenant-admin managed users'. At the bottom, the 'My GoOfficePH mailbox' section shows 'Forwarding, vacation replies, and sender controls for your personal GoOfficePH address.' with a 'Pending' status.

REGULATED OPERATIONS CAMPAIGN KIT

Productivity with clearer operational control

A productive workspace with the controls serious operations expect.

Work moves faster when context **moves with it.**

Governed

Cloud outsourcing and transferred processing still require documented safeguards and accountability.

A productive workspace with the controls serious operations expect.

Regulated enterprises and critical service providers must enable fast work while demonstrating control over identity, outsourcing, information handling, continuity, and administrative action.

Auditability

Auditability

Review who acted, what changed, where it happened, and which organization was affected.

Protect the operating model

Disconnected productivity tools make policy enforcement and evidence collection slower and less reliable.

Keep work understandable

Compromised accounts and outbound abuse can affect customers, operations, and organizational reputation.

One working journey, from communication to accountable follow-through.

Start with daily work

Mail establishes the identity and communication path teams already understand.

Outcome

Apply platform, tenant, domain, and user controls within one operating model.

Outcome

Combine inbound and outbound Mail controls with identity, audit events, alerts, and reports.

Outcome

Give administrators online drill-down views and professional exports for review and action.

See complete applications doing recognizable work.

The screenshot displays the GoOfficePH Chat/Meet application interface. At the top, the GoOfficePH logo is on the left, and the text "GoOfficePH Chat/Meet" is on the right. Below the header, there's a navigation bar with "Website" and "Groupware" buttons, and a user profile dropdown showing "Signed in as Operations Administrator".

The main interface is divided into three sections:

- CHAT AND MEET:** A sidebar on the left with a "New room" button and a list of rooms:
 - Regional services review:** 6 participants - meeting live
 - Operations team:** 12 members - 3 new messages
 - Finance committee:** 8 members - meeting tomorrow
- ROOM:** The central area showing an active video meeting titled "Regional services review" with 6 participants. It includes a "Video meeting active. 6 participants" status bar and a grid of six video feeds for participants: You, Mara Santos, Paolo Reyes, Grace Lim, Nico Dela Cruz, and Leah Villanueva. Below the grid, it says "Meeting connected. Recording and live transcription are ready for the host." and "GoOfficePH The regional services meeting is live. Shared files and action items remain connected to this room."
- Connected work:** A section at the bottom left stating "Meeting notes, shared files, decisions, and follow-up stay inside GoOfficePH."

At the bottom of the interface, a dark blue banner contains the text "Chat/Meet in active use" and "People remain visible across a complete meeting interface."

Security controls

Apply identity, mail, access, sharing, and alert controls across the workspace.

Reports

Turn activity and service data into role-appropriate online views and professional exports.

GoOfficePH Mail

Keep daily communication, attachments, invitations, safety cues, and follow-up in one focused inbox.

Auditability

Review who acted, what changed, where it happened, and which organization was affected.

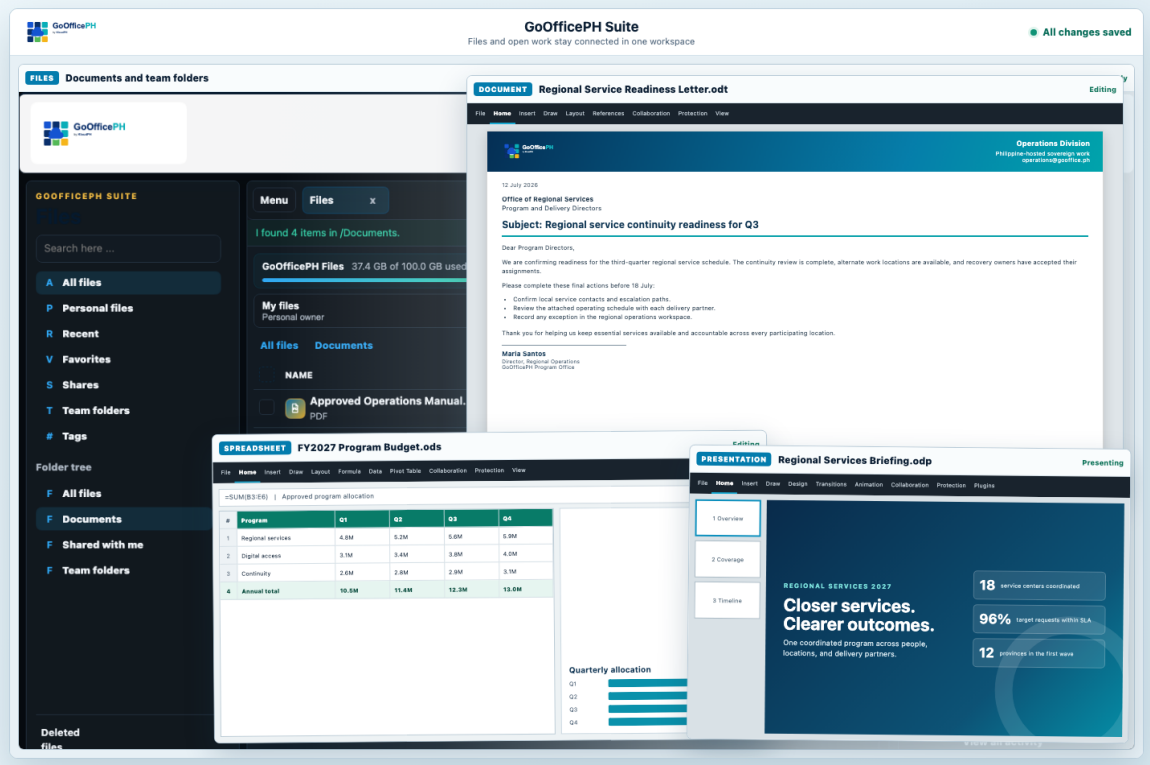

Administration and governance

Manage people, tenants, domains, roles, services, storage, and policy from role-aware consoles.

GoOfficePH Chat/Meet

Bring members and guests into persistent rooms, voice, video, screen sharing, recordings, and transcripts.

Keep communication, files, schedules, decisions, and next steps in one relationship.

The screenshot displays the GoOfficePH Suite workspace. On the left is a sidebar with a 'Menu' and 'Files' section, showing a search bar and a list of folders like 'All files', 'Personal files', 'Recent', 'Favorites', 'Shares', 'Team folders', and 'Tags'. The main area is divided into four panes: a document editor titled 'Regional Service Readiness Letter.odt', a spreadsheet titled 'FY2027 Program Budget.ods', and a presentation titled 'Regional Services Briefing.odp'. The spreadsheet shows a table with columns for Program, Q1, Q2, Q3, and Q4. The presentation shows a slide titled 'Regional Services 2027' with the text 'Closer services. Clearer outcomes.' and statistics: '18 service centers coordinated', '96% target requests within SLA', and '12 provinces in the first wave'.

Files and office work together
Suite preserves the complete file, document, spreadsheet, and presentation workspace.

GoOfficePH Suite

Keep files, sharing, documents, spreadsheets, presentations, exports, versions, and storage in one workspace.

GoOfficePH Whiteboard

Capture meeting ideas with host controls, attributed annotations, and export to PDF, OpenDocument Drawing, or Suite.

GoOfficePH Calendar

Keep invitations, schedules, shared calendars, meeting links, and follow-up visible across the workspace.

GoOfficePH Work Boards

Turn messages, meetings, documents, and approvals into visible owners, due dates, reviews, and completed work.

GoOfficePH Connected Workspace

Keep related messages, meetings, files, schedules, contacts, boards, whiteboards, and credit actions close to the work they support.

GoOfficePH Contacts

Keep personal contacts, tenant directories, shared address books, and Mail recipient workflows together.

Begin with the service the organization needs now, then expand deliberately.

One credit equals one Philippine peso. Annual commitment rates and month-to-month rates remain visible before activation.

PROFESSIONAL EMAIL	Mail Lite Philippine-hosted business email with company domains, aliases, forwarding, vacation replies, app-password access, mailbox privacy controls, and straightforward administration.	PHP 149
REAL-TIME COLLABORATION	Chat/Meet Standalone Persistent team rooms, guest links, voice, video, screen sharing, meetings, and tenant-aware permissions for organizations that want real-time collaboration without the full Groupware bundle.	PHP 199
GROUPWARE ENTRY	Workspace Starter Mail, Files, Suite, basic Chat, Calendar, Contacts, Wallet, Connected Workspace, pooled storage, company domain setup, invitations, and tenant administration for growing teams.	PHP 249
COMPLETE GROUPWARE	Workspace Business Complete Groupware with Work Boards, Whiteboard, Calendar, Contacts, Wallet, Connected Workspace, 100 GB pooled storage per seat, Chat/Meet host rights, desktop access, advanced administration, and higher-priority support.	PHP 499
HIGH-ASSURANCE OPTION	Sovereign Plus The complete connected application catalog with priority support, stronger audit visibility, sovereign backup policies, compliance reporting, and enhanced administration for regulated and mission-critical organizations.	PHP 899

Clear entry points. One operating model as the workspace grows.

See where responsibility lives.

08 | Governance

Prove one outcome before expanding the footprint.

Assess

Map users, domains, data, migration sources, policies, and a measurable first workflow.

Establish

Set up identity, recovery, protection, Mail, and the first operating group.

Coordinate

Add rooms, meetings, guests, schedules, and mobile participation.

Connect

Add files, office work, boards, whiteboards, wallets, governance, and reports.

Measure and expand

Review adoption, service health, risk, support, storage, and outcomes before scaling.

Request an architecture and risk review

Ground the decision in current policy, market context, pricing, and product evidence.

- 1 **NPC, Data Privacy Act**
Controllers must apply reasonable safeguards and remain accountable for personal data transferred to third parties, domestically or internationally.
<https://privacy.gov.ph/data-privacy-act/>

- 2 **NPC, DPA IRR**
Government and private organizations must implement organizational, physical, and technical security measures appropriate to their processing risks.
