

EDUCATION CAMPAIGN KIT

One institutional workspace for every campus team

We connect institutional Mail, meetings, files, calendars, contacts, documents, boards, and delegated administration for schools and higher-education organizations that need simplicity at the user level and control at the institutional level.

47,326

Public schools and higher-education institutions represent a substantial, distributed institutional market.

Different responsibilities require different entry points.

GoOfficePH keeps one product foundation while speaking directly to the outcome each audience must deliver.

GIVE EVERY CAMPUS A WORKSPACE IT CAN
ACTUALLY ADMINISTER

Schools and higher education

**One institutional workspace
from the registrar to the
classroom team.**

Education institutions must serve many people, roles, campuses, and domains while protecting institutional identity and keeping administration affordable.

**One institutional workspace from the registrar to
the classroom team.**

Fragmented tools turn everyday work into a governance problem.

01

SCHOOLS AND HIGHER EDUCATION

Account sprawl and informal file sharing make onboarding, access review, and staff transitions difficult.

02

SCHOOLS AND HIGHER EDUCATION

Faculty and administrators lose time when communication, meetings, calendars, documents, and action items are scattered.

03

SCHOOLS AND HIGHER EDUCATION

Central IT needs bulk tools and reports, while departments need delegated control within clear boundaries.

The decision is not only which apps people use.

It is how identity, communication, files, administration, access, policy, and evidence remain connected as the organization grows.

Bring the work and the responsibility around it into one operating model.

SCHOOLS AND HIGHER EDUCATION

Import or provision users in bulk and organize them by institution, domain, and role.

SCHOOLS AND HIGHER EDUCATION

Give faculty and staff one path across Mail, meetings, calendars, contacts, files, and office documents.

SCHOOLS AND HIGHER EDUCATION

Use tenant-level storage, service, activity, and adoption reports to guide rollout and support.

SCHOOLS AND HIGHER EDUCATION

Expand by campus, department, or user population without changing the operating model.

Bulk onboarding

Institutional domains

Delegated administration

Mail and meetings

Shared files and office work

Adoption reports

Choose a practical entry point, then expand without replacing the operating model.

One credit equals one Philippine peso. Rates are per user/month; the lower rate requires an annual commitment.

PROFESSIONAL EMAIL

Mail Lite

149 annual commitment

179 month-to-month credits per user

Philippine-hosted business email with company domains, aliases, forwarding, vacation replies, app-password access, mailbox privacy controls, and straightforward administration.

REAL-TIME COLLABORATION

Chat/Meet Standalone

199 annual commitment

239 month-to-month credits per user

Persistent team rooms, guest links, voice, video, screen sharing, meetings, and tenant-aware permissions for organizations that want real-time collaboration without the full Groupware bundle.

GROUPWARE ENTRY

Workspace Starter

249 annual commitment

299 month-to-month credits per user

Mail, Files, Suite, basic Chat, Calendar, Contacts, Wallet, Connected Workspace, pooled storage, company domain setup, invitations, and tenant administration for growing teams.

COMPLETE GROUPWARE

Workspace Business

499 annual commitment

579 month-to-month credits per user

Complete Groupware with Work Boards, Whiteboard, Calendar, Contacts, Wallet, Connected Workspace, 100 GB pooled storage per seat, Chat/Meet host rights, desktop access, advanced administration, and higher-priority support.

HIGH-ASSURANCE OPTION

Sovereign Plus

899 annual commitment

999 month-to-month credits per user

The complete connected application catalog with priority support, stronger audit visibility, sovereign backup policies, compliance reporting, and enhanced administration for regulated and mission-critical organizations.

About 40% below the mainstream benchmark

Workspace Starter	PHP 249 vs PHP 418 mainstream average	40.4% lower
Workspace Business	PHP 499 vs PHP 851 mainstream average	41.3% lower
Sovereign Plus	PHP 899 vs PHP 1491 mainstream average	39.7% lower

Method: published per-user monthly rates for Google Workspace and Microsoft 365 under annual commitments, averaged within each tier at PHP 61.60/USD. These are monthly price units rather than annual totals; payment timing follows each provider's terms. Zoho is shown separately in the source register as a lower-cost reference. Storage and feature bundles differ.

CURRENT PRODUCTION EXPERIENCE

Start with Mail, connect Chat/Meet and Suite, then structure the work around them.

GoOfficePH Mail

Keep daily communication, attachments, invitations, safety cues, and follow-up in one focused inbox.

GoOfficePH Chat/Meet

Bring members and guests into persistent rooms, voice, video, screen sharing, recordings, and transcripts.

GoOfficePH Suite

Keep files, sharing, documents, spreadsheets, presentations, exports, versions, and storage in one workspace.

GoOfficePH Calendar

Keep invitations, schedules, shared calendars, meeting links, and follow-up visible across the workspace.

THE CONNECTED APPLICATION FAMILY

Keep schedules, people, work, ideas, credits, and desktop access close to the core workspace.

These applications extend Mail, Chat/Meet, and Suite without creating a separate identity or administrative model.

GoOfficePH Calendar

Keep invitations, schedules, shared calendars, meeting links, and follow-up visible across the workspace.

GoOfficePH Contacts

Keep personal contacts, tenant directories, shared address books, and Mail recipient workflows together.

GoOfficePH Work Boards

Turn messages, meetings, documents, and approvals into visible owners, due dates, reviews, and completed work.

GoOfficePH Whiteboard

Capture meeting ideas with host controls, attributed annotations, and export to PDF, OpenDocument Drawing, or Suite.

GoOfficePH Wallet

Keep verified credit allocation and product activation visible across personal, tenant, reseller, and staff roles.

GoOfficePH Connected Workspace

Keep related messages, meetings, files, schedules, contacts, boards, whiteboards, and credit actions close to the work they support.

Desktop GoOfficePH Groupware

Give managed Windows, macOS, and Linux devices a consistent desktop path into Mail, Suite, Chat/Meet, Calendar, and Contacts.

Give every role the controls and reports appropriate to its responsibility.

Personal

Account, services, security, data transfer, support, and activity.

My Organization

People, domains, Mail controls, storage, apps, wallet, branding, and reports.

Platform Operations

Tenants, work queues, staff, protection, commercial controls, audit, and platform reporting.

Reseller

Customer credit sales, wallet, portfolio, transaction history, and partner reports.

Prove one outcome before expanding the footprint.

1

Assess

Map users, domains, data, migration sources, controls, and the first measurable workflow.

2

Establish Mail

Set up business identity, recovery, protection, migration, and the first operating group.

3

Add coordination

Introduce Chat/Meet, guests, meetings, and mobile access under the same identity.

4

Connect work

Add Suite, Calendar, Contacts, Work Boards, Whiteboard, Wallet, and role-appropriate reports.

5

Measure and expand

Review adoption, service health, activity, support, storage, and governance before scaling.

Run a campus readiness workshop

Map domains, roles, user populations, migration sources, storage, and the first faculty or administrative workflow for a staged institutional rollout.

Evaluate GoOfficePH against current policy, market, and product evidence.

1

DepEd, FY 2025 Q3

DepEd uses 44,971 public schools as the system-wide planning figure for learning-resource delivery.
